

### **Patches for Version 2022 as of 11/10/21**

NOTE: The letter and date in parentheses represents the Version and the date it was available. For example (A-11/10/21) indicates that the patch is included in version 2022A and was available 11/10/21.

### **Accounts Receivable**

1. (A-108/21) - The new option to print the Email Address along with the Website on the printed invoices was not including the Email Address for some forms.

### **Accounts Payable**

1. (A-10/21/21) - 1099 Electronic File -- File format changes that were not yet available when Version 2022 was released were added to the program.

### **Inventory**

1. (A-10/31/21) - Location Transfer -- When doing Location Transfers for Items, sometimes the Inventory Master Account used for the transactions was taken from the Location or Company record, instead of from the Item record, resulting in the wrong Account Number being used.

### **Payroll**

1. (A-11/4/21) - Direct Deposit -- When setting up the Employee direct deposit records, if using direct deposit based on Amounts, if there were multiple direct deposit records without one being assigned to receive any remaining amounts, the remaining amounts were being dropped.
