## COMPANY NARRATIVE

MBA Software and Consulting, Inc. has been a developer of accounting software for over 25 years. Our goal has always been to provide high-end products that are flexible, reliable, and easy to use. Quality, personalized support has long been a hallmark of our company. MBA Accounting products can stand alone or operate as a completely integrated system. We take great pride in our thousands of end-users, ranging from Fortune 500 companies to small businesses and local governments. MBA is so flexible it can be used in all types of businesses: printing, banking, retail, government, schools, accounting and consulting firms, etc. Among our clients are Oakland Raiders, United Airlines, Village Resorts International, Kentucky Fried Chicken, Metropolitan Mosquito Control (MN), Community Health Charities (CA), and PIP Printing.

MBA has distinguished itself from other accounting products by providing custom modification services directly from us, the manufacturer. We are able to tailor our software to meet your company's unique business needs.

Our accounting and distribution packages were designed to be used as individual, stand-alone modules or to interface with each other. Both single-user and multi-user options are available.

MBA's corporate office is located in Minneapolis, Minnesota, USA.
