

## **SERIES 3 2010 ACCOUNTING UPGRADE**

**\*Upgrade Now and Keep Your Software Current\***

**Take advantage of FREE offerings\* if ordered by 8/1/09!**

**Dear MBA Customer,**

**Thank you in advance for upgrading to MBA SERIES 3 8.40 during the Customer Pre-order period!**

**The time to order is now to take advantage of the “discount” on the New MBA Human Resources Plus package with Clock Out-365 Time Clock Management system, the “free” MBA Payroll Package\*, “free” online data back-up offer, huge discount on checks & envelopes and “free” shipping. Just fill out the attached Order Form and send or call by 8/1/09 to take advantage of the offers and we can get your 2010 Series 3 8.40 upgrade out the door!**

**Of course, once again we are providing an upgrade that is based 100% on feedback from you, the Customer!! And, for the first time ever for a limited time, we offer huge discounts on the New MBA HR Plus w/ Time Clock, the popular On-line Data Back-up at no charge for 3 months and major discounts on Checks and Envelopes!**

Feedback from MBA clients, who have compared Series 3 to others, has followed one consistent theme: MBA is easier to use, but still has the flexibility and power of more expensive software. Consider what Charles Alloun from JH Design, Inc., says about this year's upgrade: *“I have had an opportunity to provide input and to review the new features of this year's Series 3 upgrade. As an MBA user for over 28 years, I am confident when I say it is hands down the best upgrade to date. The functionality improvements and ease of use enhancements will help us run our business much more efficiently with Series 3 8.40. We are excited to put it into play!”*

What are some new features of Series 3 2010 that will help you manage your business more profitably?

**> System-Wide Improvements making your job easier.....**

**New** Security set up made easier when adding new companies to Series 3, **New** preview report with option to create a PDF from the preview screen, **New** options in Check Printing and Reports to save earlier selections as default so you don't have to re-key same information, **New** ability to email PDF files for selected reports and more!

**>Accounts Payable enhancements for better & more efficient cash flow management....**

**New** ability to pay bills electronically using ACH, **New** Report options, **New** Check printing options, **New** feature to reprint checks after being posted, **New** option for check printing by Vendor Code or by Vendor Name, sequence entered, **New** feature for adding printing options on reports and more!

**>Accounts Receivable additions allowing better insight into customer outstanding balances.....**

All **New** Report options, **New** options for tax exempt numbers in invoicing, **New** recurring invoice options, **New** Company options, many **New** Date and Reference fields added in Item Records, **New** options for printing additional verbiage on invoices, **New** option to include “Ship to” fields during Invoice and Quote entry, **New** “discount” inclusion options and more!

**>General Ledger improvements making it easier to generate and modify your financials.....**

**New** From the Enter/Modify Financial Statements formats screen, you can now click a Preview button to immediately see how the report looks. **New** improvements to the Financial Reports, **New** options for prior year totals, better year end close attributes, added **New** page numbers and more!

MBA Series 3 2010 allows for greater access to **Historical Data**, better and more detailed **Report Options**, improved **Cash Flow Management** and speed improvements with an ability to navigate through the software that is unmatched!

I invite you to save some money and order now. We appreciate your business and thank you for your trust in MBA!

Sincerely,  
John Steveken, President
