

Outgrown your Payroll Software or Service?

Do you qualify for the **MBA Stimulus Package**? The answer is “yes” if:

- Your software or service provides minimal support and is hard to get a hold of.
- You have lost control of certain processes by outsourcing to a service.
- Your monthly fees are very expensive with your current payroll outsourced service.
- Your software is too complex and takes too much time to produce the payroll requirements in relation to pay and wage deductions, administration & pay slips.
- Your software does not produce accurate income tax and national insurance deductions and, therefore, you have issues with the tax authorities.
- Your software yearly maintenance fee is very expensive
- The integration with other financial tasks such as GL, AR, AP, etc., is not seamless.
- There is not an HR solution or integration being offered.
- No Time Clock integration is being offered.
- They do not know your name!

‘I would like to thank you for all of the service MBA has provided the Oakland Raiders since we purchased your accounting software in 1988. Because of our unique Payroll needs, we have occasionally needed to make use of your software development services in order to customize the MBA Payroll software. I appreciate the promptness as well as the quality of the finished product. Once again, thanks for being there for us. MBA has made our jobs much easier.’

Tom Blanda, Controller Oakland Raiders (California)

If you are qualified, MBA will buy back your Payroll software and or service and provide you with the most customizable Payroll software on the market today!!!

Call or email us today to learn how much “stimulus” you have qualified for.
